mikeyt wrote on Mon, 13 May 2013 04:09What about separating the watches as entered in 'decade' categories? ie 1920's watches, 1930's watches etc... rather than just haphazardly entering them.

Like this idea. At least for the models from 1935 to 1957 this categorisation could maybe be linked to the existing Style Number Dating Table. When entering the caliber/style number of a watch this could follow automatically through a look-up function?
