Had a pretty good time in Mesquite last week, the show was great! Gruen did make an appearance from Kyle Rogers, he gave his staple Gruen Curvex presentation. He is selling his books not but only at in-person shows for now.

He will be at the York Convention again in June.

Are these clocks mainly import or are there also famous American clock brands?

There are some imports, French seem to be the most abundant. A lot of American clock brands, the swingers are American/Ansonia brand.
