Jenneke, Barney,

Thanks for your comments. Jenneke, thanks for finding the model! I too was curious about the crown. (and was thinking that would be something easy to spot in a Gruen catalogue).

I also inherited a Diel Manfred 15 jewel watch, similar size and face in a pendant case that is missing the crown, I am wondering if that is where the crown comes from.

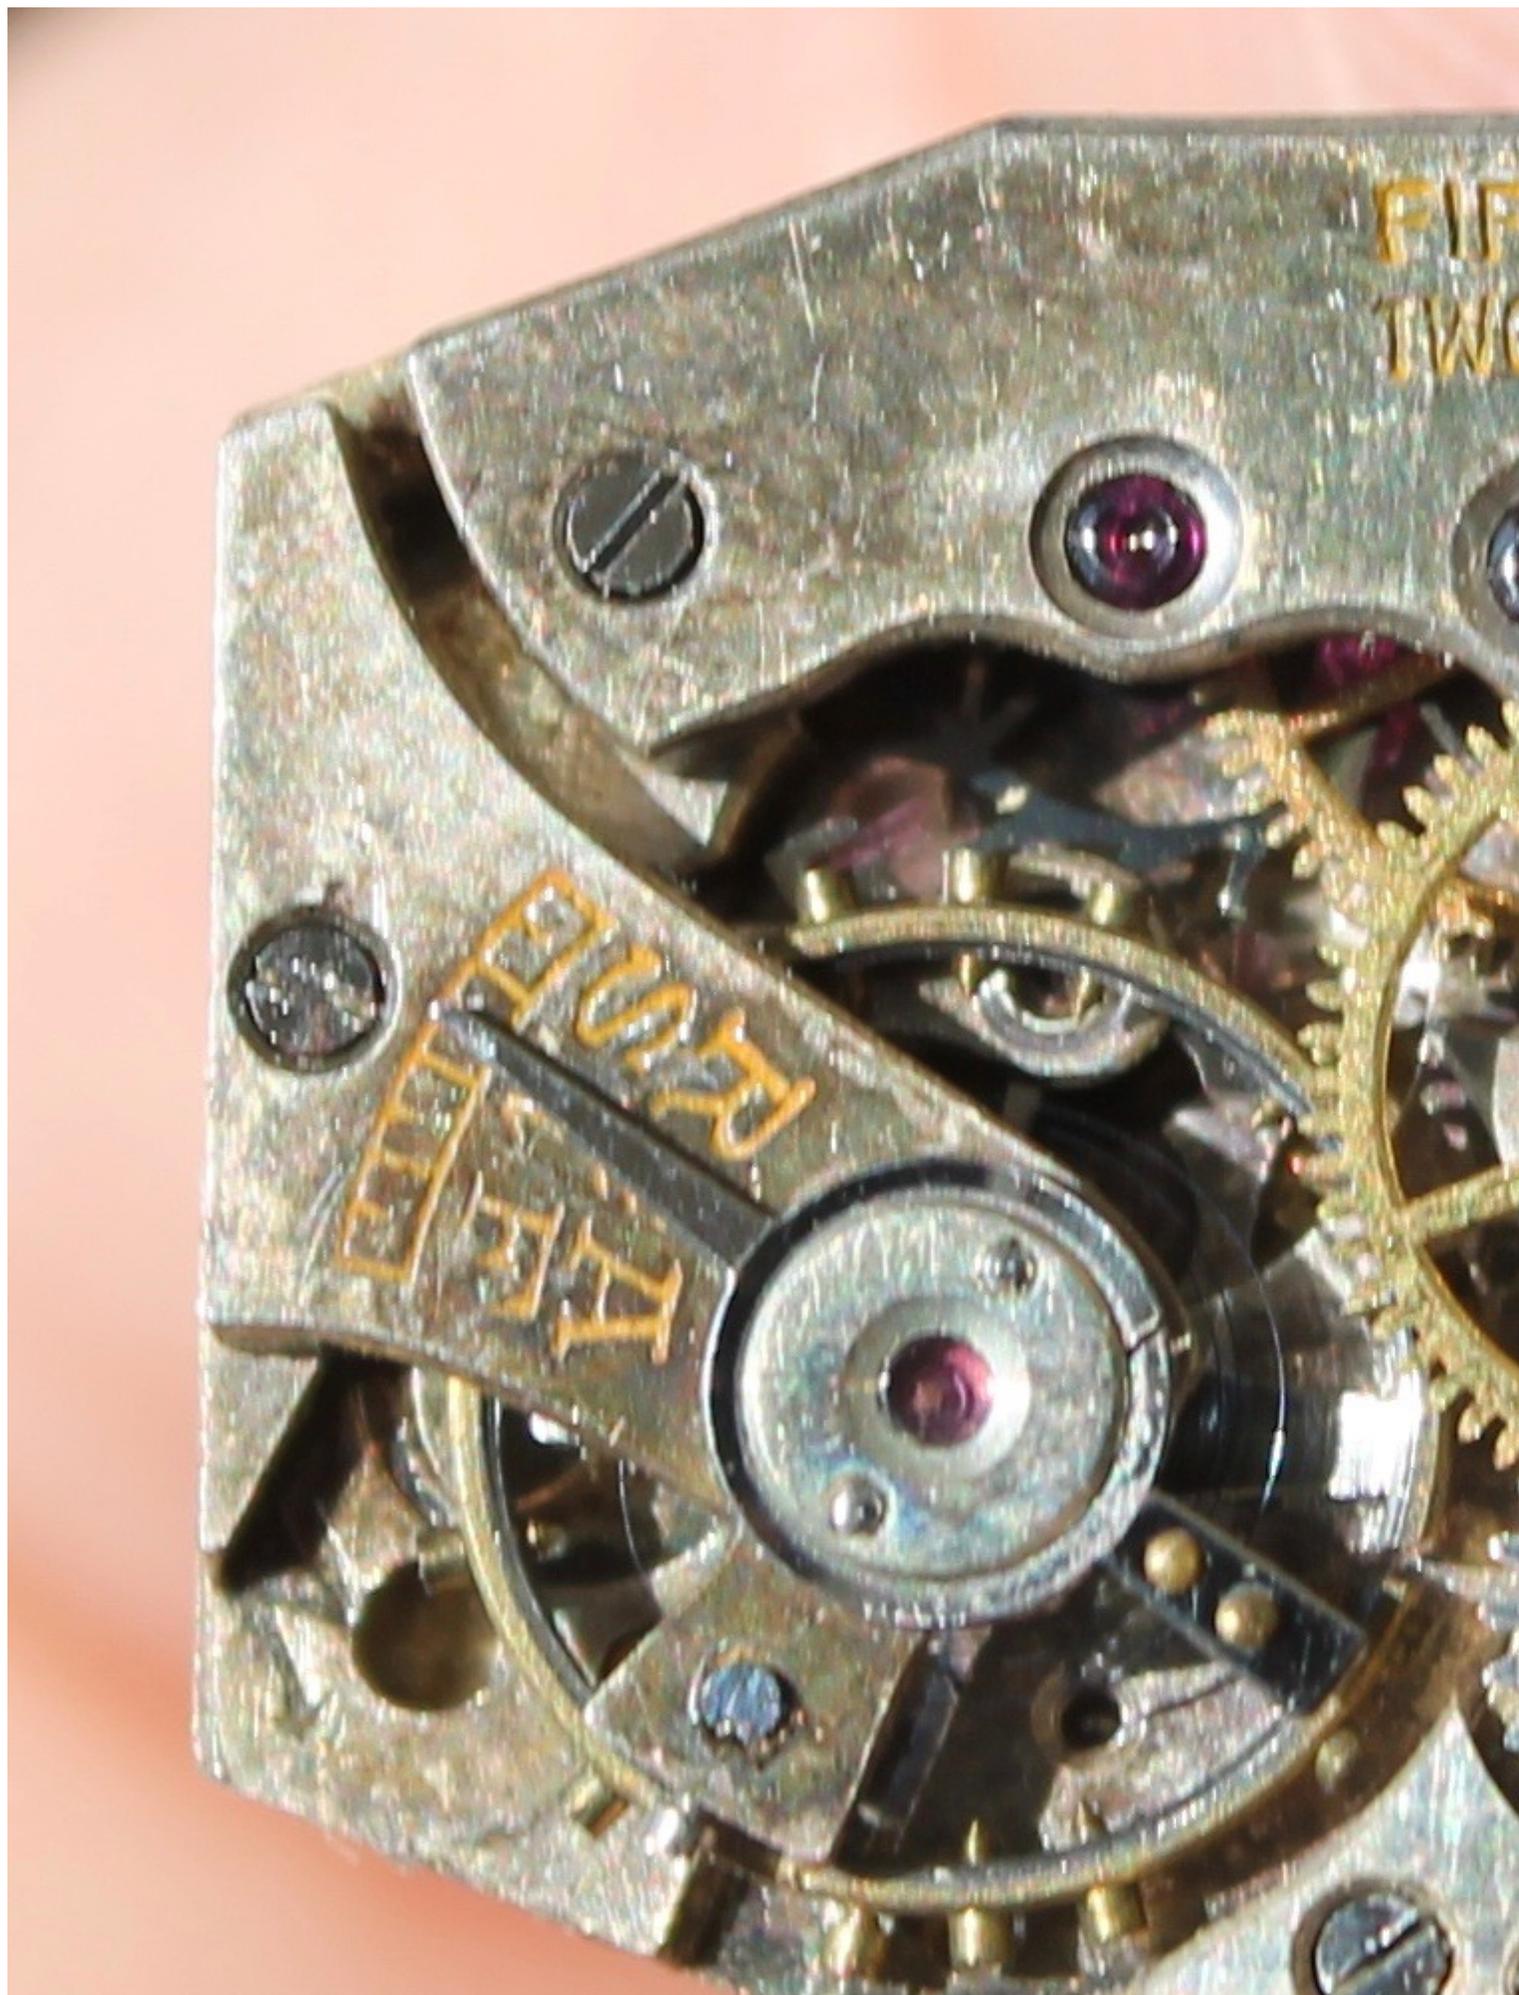

Barney, thanks for the info on the case marks.

John
