I've been looking a little deeper now into this Johnny Walker guy. The company has been established 1926 and filed for bankruptcy end of 1929 already. They have been in business until mid of 1930, so they are for sure not the source for our Gruen movements. It will be ETA itself. ETA was founded 1930 merging the 5 companies A. Schild, A. Michel, Aurore, Felsa and Venus. All but Michel have been known suppliers to Gruen. So this movement may have been in the portfolio of one of the four before the merger already.
