I have two things of interest to mention that I have learned.

First, Harold R. Haerr was a lifelong employee of Gruen. He held various positions including salesman, office manager, assistant to the president.....and of course patent holder,

Second, even though this box is green...Gruen filed for trademark the color scheme in 1923 of brown outer box, inner black bottom, inner gold top, and gold trim on edge claiming use back to 1913. Past examples of "claims use" in patents have turned out to be accurate. Brown, gold, black is a Gruen signature.
