GRUEN WATCH  
*Guild Workshops*  
GUARANTEE

*This Certifies* . . . that the movement of every Guild Series Watch (Plates engraved Guild Watch) is of good quality, constructed of fine materials, jeweled with genuine rubies and adjusted to temperature and different positions, assuring years of dependable service.

—that every "Standard Series" Gruen Watch is of superior quality and construction, embodying technical features and adjustments to isochronism, temperature and *all* positions, recognized as pre-eminent in fine watchmaking.

—that every "Precision Series" Gruen watch is of extraordinary quality; in principles of advanced design, construction, finish and adjustment representing the highest attainments in the watchmaker's art . . . an example of fine craftsmanship that will give many years of gratification to the person who prizes the "best".

**GUARANTY**

The performance of the movement accompanying this certificate, on rigid factory test after completion, is a warranty of perfection in original manufacture and adjustment. It is, therefore, guaranteed against original defects, workmanship or materials, and will give satisfaction to its owner, so long as it is not damaged or abused, as detailed on the inside pages of this certificate.
