Jenneke,

I think this will have been called the Louis 117 White. The Ehrhardt book says Louis 11 would be yellow and does not list it white. But the 1927 guild book says Louis 11 being white and appends the V-series number to identify the movement. So the V7 makes it a Louis 117.

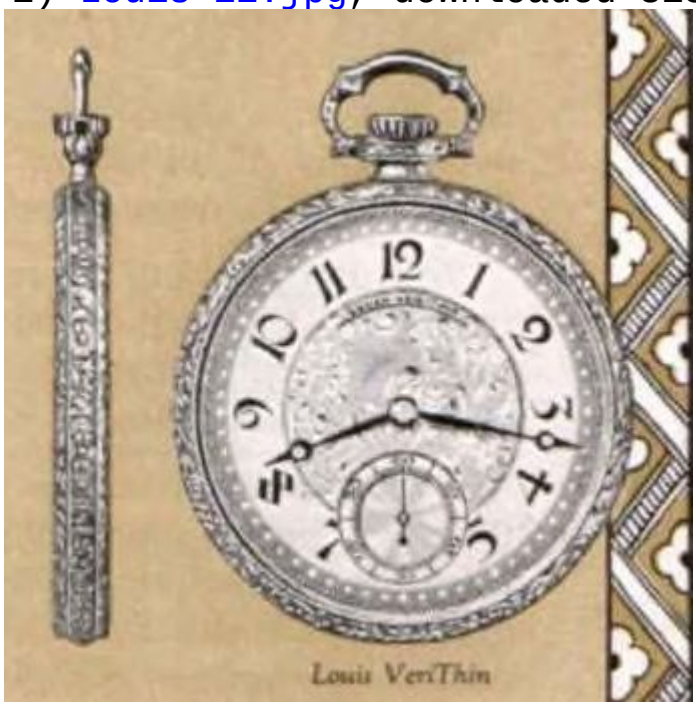

Here a picture from my vol.2:

Louis 10 is the Green Gold variant:
