I've owned the sister—an 819 1/2 "G" with green gold case & dial. Also seen an 819 in a "9 3/4 G" gf case from this time: green gold case and dial. 3 different styles of hands seen. Circa 1925, the G/W disappears, and they are all white gf ("819")

Interestingly, the 819s (sub seconds) seems to coexist but be only in cases marked "127".
