Any information is helpful. I believe it was made in Switzerland in the 1940's. States that it's 10k goldfield, very nice timepiece. I've personally never seen such a beautiful timepiece.. I do not believe the dark blue band on it is original and also the band is not in the best of shape. However I could be wrong as I am not an expert. I have no clue as to the value of this timepiece and really

If anyone has any helpful information, I would greatly appreciate it.
