Subject: WTB Case Back for Ladies Pan Am Posted by koskid on Tue, 03 Dec 2024 22:50:12 GMT

Hello,

I found a Ladies Pan Am buried in my box of watches in need of repair. It's missing the case back and I wonder if anyone has a Guildite case back that would fit this watch they are willing to sell. This watch has a 210SS movement that had a broken staff, but I've taken care of that already. A couple of photos showing case dimensions are attached.
