That's a nice watch in the first link. Please excuse my ignorance, but is that actually a Pan Am?
The ones I've seen all say Precision at the bottom center of the dial.

I greatly appreciate your offer of feedback. I'll keep that in mind while looking. If you (or anyone reading this) happen across one of the sort I'm looking for (even the 14K kind) and would let me know, I'd appreciate it.

I am not able to read that article, not being a NAWCC member. If you could email it to me that would be great. I'll PM you my email address. Thanks!
