Looks like I got lucky and found an internet sale with an anchor date of 1923. Wish I could have bought this one!

Your watch movement is less than 400 away. I know there is a lag on the retail sales, but these anchor date watches are priceless.

Your watch 528,261 Wadsworth case 366,411

Sale watch 528,650 Wadsworth case 371,860

Pictures from the internet sale follows:
