Cary seemed to be very certain, in the NAWCC link, that the 290 was produced at Norwood, and also in this earlier post

<http://ihc185.infopop.cc/eve/forums/a/tpc/f/9886009961/m/9821098772>

I have never look at a 290 movement, so I cant say whats stamped on them,

Was there not a photo on the old forum I think I remember a post about Norwood and movements made?
