Bazzab wrote on Thu, 09 May 2013 23:39How many pictures of a 440 movement do we need?

Depends on the poster. If the movement caliber is unknown a picture helpt to identify it. Also with the case back information. Not sure if a newcomer knows what a case serial is, or where to find the style no. Unless we make some HELP on which info can be found where.

Bazzab Why not a new sub section for Movement pictures only, like Ranftt but with Gruen movements

Or ask Ranftt to add the missing calibers into his archive?
