hi all, A very similar watch generated some discussion over on the VWF forum here at this link. Mine has a 10k GF Wadsworth case which differs from the other thread. I believe this movement is actually a 3157 rather than a 315 since it has 17 jewels?. Not sure that this watch was identified over on VWF though. I probably dont want to state this too loudly but i 'won' this auction on the swamp for .99 cents... and it works & keeps time.
