Hi Candice,

surely a nice watch with a lot of memories, but I fear that you might not find potential buyers here. Almost all of the members in this forum are mainmly interested in the old mechanical watches from the original Gruen company which went bankrupt in the 50s. Your watch is one of the Replicas that was made under the Gruen brand around 1990 with a Japanese Quartz movement. Unless someone here wants to have this watch as an example of the replicated Curvexes I guess you would better put it on ebay.
