The Dartmouth is in a goldfilled case with a cal 325.

I sent a note to Bruce because in his book he states that the Quadron 61 is likely a one of a kind. Your's matches the one he features right down to the engraving on back. Hence I would appreciate a side shot of your watch. Unfortunately, the one in the book is featured in BnW images. But lists a cal 119 in an two-tone 18K Weber case.
