My mom has passed away so I don't have any information other than this. She received the watch in her late teens/early 20's which would have put it around 1950. She won one of the diamonds and my father bought the other diamond and had them set in the watch. Hopefully the pictures will help with identification. I just had it overhauled but didn't ask the store for any information from the inside of the watch. Thanks for any help given. Ruth
