I hee-hawed over that one too, for days in fact. Seems though all his Gruen(s) were altered in one way or another so I passed.

The good: I've came upon some of the best finds by pure accident. On some I didn't even realize what I had.

The Bad: Yes I've snoozed and lost many times because of it. These I have dreams about!

The Ugly: Thought I've pulled the trigger on something that was too good to believe. Pulled it too fast and ended up in the junk pile.
