The books are all for sale, you can order them either directly at the authors bookstore:

<http://www.gruenwristwatches.com/gruen-books.php> or from Lulu:

<http://www.lulu.com/spotlight/MikeTheWatchGuy>

Mike wrote practically all Gruen books available. BTW the case serial number indicates that your watch is an early one from the introduction year 1925. This watch was build for a couple of years.
