Thanks for your reply. I picked this watch up maybe 30 years ago at a flea market, I think, mainly because it was dedicated to a guy with the same name as my dad.

I tossed it into a box and there it sat until a few weeks ago when a friend was coming over to Vietnam to visit and I asked her to bring the watch over as I have a renewed interest in vintage watches. It winds and runs but is obviously dry and needs a service. Here are the back and movement shots as requested.

Thanks!
