Made a very nice acquisition for the collection just recently ... Quadron Model 109, lower right corner page 21 for those of you who have my book. Beautiful stacked case with claw lugs. Screams Art Deco! It has the Caliber 123. Light wear on case. Dial is an obvious refinish. I won't use the "R" word, but I think it's safe to say this is an elusive model; at least I haven't seen it pictured before in the forum. Bought if off a private collector. After 30 years of doing this, there are still surprises to be found!
