I don't have my catalog handy to see what Strap 24 is, but I can say that in nearly 20 years, the only solid gold men's sweep seconds 826 model I've ever seen in the wild (several times) is the 14k green gold Strap 17, one of which I used to own.

Whatever Strap 24 is, it must be pretty rare. But there are a ton of models from this era that I've never actually spotted, yet they obviously exist. So, dig in and keep looking.
