Ditto!!!

I'm kicking myself to this day that I didn't take the offer up on a fire's deal awhile back! Folks here were egging me to get it and I still did not move. A fire came down on the price too, then it was gone.

Sounds like a blues song...

Brother he showed me the gong
Brother he showed me the ding dong ding dong
How to kick that gong to light
Oh, it's nobody's fault but mine
