I am in need of some parts help. I am hoping that there is a kind soul that could help me out. I am a Quadron "Hog" and I need the following parts to complete two amazing Quadrons that I have had for months.

I need a pallet fork for a caliber 157

I need a complete balance for a caliber 157

The request is being made for two different watches that are in various states of restoration. I would appreciate any and all help you can give me. Of course I would be happy to pay for the parts. I am stuck in a state of "watch repair suspense"

We can thank Cary in many ways, he gave us the forum name (domain name).
