Looking to purchase and/or trade.

I need a sweep second wheel & pinion, and the little metal doohicky part with screw that holds it down.

I would very much love to get this whole again & running...

...and I need the sweep second hand also!

Does that fit any of the other 800 series Gruens? If so, I may be able to help! No promises, but I seem to remember having some of those parts in stash.

Hola Tomas,

The 806/807 models, which I have, are listed as swappable...BUT...none of them are SS models and never had the parts I need.

These little sweep second models are few and far between, so I may be s\*\*\* outa luck ever finding these parts...I've been searching for about a year now.

I certainly would be grateful for you checking your parts stash! Thanks mucho!

Liz

Hi Timeliz.

I have some parts, but will send pictures if so. PM me with your personal email, and take a look to see is this what you need

Timeliz,

Listen, I found two of the sweep retainers, and the screw. Problem: Can't tell which caliber it is due to it being worn off. Pm me your address, and we'll go from there. Sorry, but I don't have the sweep pinion
