Howdy Gruen family!

I am in need of a winding stem for a CAL 121. Willing to buy, sell, trade.

I went through every single one of my parts boxes and I'm so sorry to say that I can't help out. I've got a 119 and a 123. Too bad we can't average them!

Its all good! These stems are not exactly easy to find, and neither is the movement. Only the 120 and 121 will exchange, and yes, I would have loved an average at this point!

I've got a spare 120 movement here but alas.... no stem or crown.
