There's not much info on the Paladin. If anyone could help, I'm very new to watches. I am a very advanced coin collector in U.S. types.

Hello!

Additional images, namely the movement and inside of the case back will help with getting answers.

Otherwise, nice looking pentagon.

The Paladin is a white gold Pentagon with a 21 jewel Extra Precision movement.
Pents originally ranged in price from $75 to $2500. The Paladin cost $250.

May be it should be added that the model has been available from October 1927 to October 1929. At least this has been the time frame I have ads showing this very nice time piece.
