Here it is: the much-debated catalog. Now that we've seen the images and info, thought I'd offer up the real thing, for someone whose safe has an open place for the true OG.

To our mutual interests, 50% of any proceeds beyond my (very public) personal costs & shipping will be donated back to the forum, to cover expenses, upgrades, etc.

I'll except payment via PayPal, Venmo, unmarked bills, or "14k" marked Quadrons... Sorry, no Deutschmarks, Barney, and no Bitcoin, for all you software gurus. Please PM me if you want to make an offer, and I'll get back to all on the 12th.

This is nice of you to offer this up. And even more so to archive the images with the forum.
