I am looking to replace this watch. It was a gift from a friend that was stolen because I was absentminded and too trusting. Any info on what exact model of Gruen watch this is would help greatly. Thank you

Hi,

hard to tell from just one photo, but I'd say that this is a retro Gruen from about 1990. To my knowledge these watches did not have model names but order codes starting with a "G" followed by one other letter and a 4 digit number like for example GR8254.

You would need a lot of luck to find one of these somewhere.

Your best bet will be eBay. The problem will be figuring out how to narrow down the search. That or spending a lot of time browsing listings.

Just search for Gruen / Quartz / Mens on eBay. Finding an exact match will be difficult but there are only approximately 180 watches to look thru and nearly all of them sell for well under \$100.
