This has been in my coa cue for some time, but it's too nice to be collecting dust on my shelf. I'm considering listing it, so I thought I'd ask first if anyone would be interested. It is a later run, 2.27mm Gruen gf case, circa 1934 I'm guessing. It has a "Guild Watch" cal 485, which looks pristine. Original Sturdy bracelet. Winds sets and runs. (Update to timekeeping) lost 1.5mins in 24 hrs, but no idea of last service. If desired, I can share more pics in model database.
