Model name: unknown

Type: Quadron 120

Period/date: ca1934

Gender: Men's

Case Maker: Gruen (House GF line)

Case Material: 10k Gold Filled (stamped "Gruen 10k Gold Filled" on outer caseback edge)

Case Serial: 2,279,103

Case Style no: 99

Caliber: 485

Movement Maker: Alpina / "Guild Watch"

Movement Serial: none on bridges--not brave enough to remove dial

Bracelet: Sturdy gold filled link bracelet with adjustable clasp

Other info: According to the master book, this model was introduced with caliber 681. This is a later, raised gold numeral dial variant, which now uses caliber 485. Some places note 485 was introduced in 1935, but I would say this is earlier, ca. 1934 production. I think 681 may have been discontinued by that time. Of note, there also appears to be a Caliber 179 model that uses Style number 99. Perhaps a lady's variant, or at least a strap variant to use a round caliber? I have never seen an example.

The bracelet fits like a dream. Amazingly lightweight, but a large size for its day. Surprised I haven't seen other examples.
