After scouring eBay, and asking the local watchmaker, I'm hoping someone here can help.

Anyone have a matched set of three hands for cal. 405? Could be listed as 10.5" hands, maybe as 17m/m or 18m/m opening. ranfft.de says this model hands are 1.22 x 0.66 / 0.16mm, but I've also seen them listed as 1.20 x 0.65 / 0.16mm. White/silver would be best, but I'd be interested in a blued or gold set. Should I even mention that I'd like a set of moon hands? Are there any moon hands out there?

Short of a full set, anyone have a gold sub seconds hand for sale?

Thanks in advance!

Answer's always no if you don't ask! Not sure I've any that fit the Bill. I'll poke about though.

Hand sets normally come in pairs. Here is what I found for 405 in my bins.

\$5 per pair, PM me if you're interested.
