If you need a staff, I have the following available that I will likely not use. Most of these are for smaller movements.

$8 each including shipping in US, unless otherwise noted. If you are elsewhere, we can figure out what works. Discount for more than one staff.

Some of these will interchange further, but I went with what is on the packaging. For example, the 475 per Gruen's 1970s tables says it will interchange with the 460 and the 470.
