Hello!

Welcome! I'm hard pressed to think of anyone's first post here to be such a generous offer.

I'll gladly take it, albeit I have no immediate need for it. Lets give it a week or so for anyone else to step up that does have a more pressing need.

Can you discern the caliber number? Looks like the 17-jewel version of the cal. 124. Don't think that one is in the caliber database here.
