A standard material box for movements, hard to tell what the series caliber is by the looks of it. A larger brother of no. 5 box posted awhile back.

Period: 1930

Watch type: Unknown Series

Size: 13 x 17 cm

Inventor: Gruen

Patents: Not known

Box maker: Gruen

No movements i side. That would have been nice a NOS filled box.

Interesting they choose a red color inside.
