Looking for a stainless Airflight, with numbers only, not an advertising piece. This is my favorite dial, but I'll entertain any others. Thanks!

Hope you find one. That’s a nice looking example you show.

That's a hard watch to find at a reasonable price. I've been looking for a Gruen Airflight dial, hopefully a NOS dial for my Airflight it's got a scratch from a poorly installed hand. I did just see an Airflight on eBay that was in perfect condition, new, unworn in the original box with papers.
