Model name : Import 220
Type : Tank/Rectangular
Period/date : Circa 1934
Gender : Mens

Case Maker : Weber
Case Material : Guildite (Stainless Steel)
Case Serial : 204138
Case Style no : N/A

Caliber : FEF 130, Gruen caliber name unknown, possibly 690 or 691
Movement Maker : Fabrique d'Ebauche de Fleurier
Movement Serial: Unknown

Bracelet : Leather, non-original

Other info : While presumably a low production model (I've only ever spotted two of them in the wild), there are at least three dial variations. The example in the Master Book shows what appears to be a two-tone silver dial. The two I've owned had this black dial, and yet another black dial with a small round hour/minute chapter and a large seconds display.
