Check it out.

Open to suggestions on content. Presently, think of this as a starter or place holder.

Jack,

Can you elaborate a bit more on your envisioned purpose of this newer website?

It is a front page to the forums. The forum when first envisioned was going to be part of a bigger effort for the preservation of information and knowledge relating to Gruen. It is to serve as a portal to these other aspects as well. Hope this answers your question. Please let me know if you have further questions or if you want to help out.
