I like that black decoration on the dial!

The case style number is 72 (after the OS inside the case back).

The model name is: Cartouche 213 (See 1929 Gruen guild book on page 115)

Nice find Jenneke! That dial decoration is cute.

Now that we know the model name, I will move this thread to the model database forums.

Does this watch have the same movement as the Rolex 200?

I LOVE this watch. This one has a blue tint to it and the other has a pink hue to it and a different design in the center.
